### WHAT OTHERS ARE SAYING

“I’m a long time and happy subscriber to Boyar’s *Forgotten Forty*. I used the service for years while running institutional portfolios and have continued to use the service running my family office. I would recommend the service for both institutions or family offices that still believe in the value of stock picking.”

Former Mutual Fund Manager | Current Family Office Client

“Boyar’s *Forgotten Forty* is an excellent filter for stock pickers as they narrow their hunt.”

MarketWatch | May 29, 2021

“It’s been 15 years since I received my first edition of the *Forgotten Forty*, and I’ve never been disappointed...There is no doubt, Boyar has added ‘alpha’ to my clients’ total return over the years.”
